

ELANTAS PDG, Inc.

5200 North Second Street, St. Louis, MO 63147, USA

COVID-19 Business Update

You may be aware of the recent executive orders issued by both the New York Governor and the St Louis Mayor stating all workers in non-essential businesses across New York state and St Louis city and county are required to stay home in an effort to combat the spread of the corona pandemic. However, the government has identified our manufacturing business as “essential”, and ELANTAS PDG, Inc. is exempt from this guidance. At this time, we continue to operate as normal, and we remain committed to serving the needs of our customers in a manner that promotes health and safety for all.

Currently, EPDG is not experiencing any shortages or interruptions to our supply chain, and our facilities are working without disruption. We are monitoring the situation and are working to adapt as things change.

If you have any questions about a specific order, please reach out to your Customer Service team member for assistance.

We appreciate your understanding during this event.

With best regards

ELANTAS PDG, Inc.
