ePLUS INVENTORY SOLUTIONS

AN ELLSWORTH ADHESIVES PROGRAM

ePlus Inventory Solutions is a cloud-based inventory management program, which provides realtime inventory visibility to our customers' on-hand inventory and usage levels. Inventory is tracked on minimum/maximum levels and is automatically replenished when an item is consumed and hits its minimum level.

BENEFITS

Custom Reporting
- Real-time item transaction and usage reports
- Custom shelf life reporting on expiration dates

Inventory Cost Savings
- Help target Days Inventory On Hand (DIOH) goals
- Reduction in scrap through adjustable min/max levels

Shelf Life Visibility
- Shelf life tracking, lot level detail, and expiration visibility through the items entire life cycle
- First-In First-Out (FIFO) enforced through automated alerts and reporting

Process Cost Savings
- Automated re-ordering and PO consolidation
- Reduction in procurement time to receive material

Reduce Stock Outages & Expedites
- Inventory visibility at all times including multi-site visibility enabling easy inventory transfers
- Fewer expedites through proactive adjustments in inventory levels

Transportation Savings
- Flexible replenishment schedules allow for consolidated shipments
- Reduction of expedited shipments through inventory visibility and planning

SOLUTIONS

The ePlus inventory program offers various solutions to help you stay organized, reduce ordering, consolidate shipments, generate custom reports, and improve product traceability. We will help you with implementing the best solution for your inventory needs.

TESTIMONIALS

HEAR WHAT OTHERS ARE SAYING ABOUT ePlus...

Parker | Aerospace

"Since our implementation we have not experienced a single stock out and our waste stream has been reduced by 65 percent." **-Parker Aerospace, GA**

LEACH® INTERNATIONAL CORPORATION

"Ellsworth Adhesives has been able to manage our items with few shelf life scraps and they've kept us out of line-down situations. We're confi dent in the ePlus system because we can get timely information on what is in stock and what is in the incoming supply chain. Their system also allows lets us see real-time information regarding actual shelf life of stock on hand, which is critical in our industry." **-Leach International, CA**

PLEXUS

"We have been able to completely eliminate our prior manual process of managing inventory – this has saved us a considerable amount of time. As a result, we have experienced a dramatic improvement in our inventory management and a significant reduction in manual purchase order generation. Furthermore, the Ellsworth Adhesives' ePlus program has given our tool crib attendants additional free time to work on more value-added processes." **-Plexus Corporation, WI**
